

Unclassified Administrative Expenses – Solid Waste General Fund Programs

Mission To provide funding support for the elimination of unsanitary conditions that present a hazard to the environment and to the health, safety, and welfare of County residents.

Focus The General Fund provides funding to operate the Community Cleanup Program, Court/Board-directed Cleanups, the Health Department Referral Program, the Eviction Program and Emergency Storm Cleanup.

The Solid Waste Management Program, through Fund 40140, Refuse Collection and Recycling Operations, provides equipment and personnel for program operations. The Community Cleanup Program supports community and civic associations’ efforts to enhance and maintain the appearance of neighborhoods and the environment. In addition, the division eliminates hazardous conditions identified by the Fairfax County Courts, the Fairfax County Board of Supervisors, the Fairfax County Health Department, and the Fairfax County Sheriff’s Office with regards to evictions.

All charges incurred by Fund 40140, Refuse Collection and Recycling Operations, for providing collection and disposal services for these programs are billed to the General Fund. The overall cost to the General Fund is reduced by the cleanup fees recovered from property owners for cleanup work performed on their property at the direction of the Health Department or the County Courts. The recovered funds are returned to the General Fund.

Agency accomplishments, new initiatives, and performance measures for Solid Waste are displayed at a program-wide level. Please refer to the Solid Waste Management Program Overview in Volume 2 of the [FY 2022 Advertised Budget Plan](#) for those items.

Pandemic Response and Impact

The Department of Public Works and Environmental Services’ mission includes several essential and legally mandated services for the protection of public health and safety that are executed through field operations. All these essential services, with nominal adjustments to accommodate labor capacity due to public health measures, have remained operational during the COVID-19 pandemic response. All these activities have required considerable innovation, hard work, and adaptation (e.g., additional personal protective equipment, facility cleaning, distancing measures, equipment, and new tools) that have increased the needed resource requirements. Planning and monitoring are ongoing to address the phased public access reopening of the County facilities while sustaining operations under public health measures to reduce the spread and consequences of the COVID-19 pandemic.

Budget and Staff Resources
