

# Advertised Budget Summary

## Economic Overview

### Nationally

The COVID-19 pandemic remains the single largest factor determining the course of the economy. After the initial wave of COVID-19 in 2020, there have been several significant new spikes, including the Delta variant in Summer 2021, and the Omicron variant which peaked in January 2022. Overall, in 2021 the economy grew at an extremely strong rate of 5.7 percent, in contrast to a decrease of 3.4 percent in 2020. The country's Gross Domestic Product (GDP) is now larger than it was pre-pandemic. The increase in the GDP was driven by unusually strong consumption expenditures, particularly on goods, which increased by 12.1 percent during the year, and investment, which increased by 9.5 percent after decreasing in 2020. The momentum continued through the 4<sup>th</sup> quarter of 2021 when the economy grew at an annual rate of 6.9 percent.

Reflecting the strong economy, employment surged in 2021. The unemployment rate fell from 6.4 percent in January 2021 to 4.0 percent in January 2022. The average monthly gain in the number of jobs during 2021 was 555,000 per month, for a total increase of over 6.5 million jobs. As of January 2022, nonfarm employment has increased by 19.1 million since bottoming in April 2020 but remains down by 2.0 million or 1.9 percent from its pre-pandemic level in February 2020. According to the Bureau of Labor Statistics' Job Opening and Labor Turnover Survey (JOLTS), there are currently 10.9 million unfilled jobs in the United States, a number that remains close to its series high. In contrast, prior to the pandemic in February 2019, there were 7.1 million job openings. It appears that the labor force participation rate is still subdued, likely due to the ongoing uncertainty related to the pandemic.

One of the concerns for the future performance of the economy is the surging inflation. As of January 2022, the year-over-year increase in the Consumer Price Index (CPI) reached 7.5 percent, the largest increase in 40 years. The increases in several key components of the CPI have been particularly painful for Americans. The cost for food increased 7.0 percent year over year, the price of gasoline increased 40.0 percent, and the cost for used cars and trucks increased 40.5 percent. The inflation has also spread to asset prices. According to the Case-Shiller Index, a widely followed measure of US home prices, for the period ending in November 2021, home prices increased 18.8 percent compared to a year ago. That is a larger year-over-year increase than during any single month of the housing bubble of 15 years ago.

### Fairfax County

Current economic conditions make revenue forecasting very difficult. During the Great Recession, the Washington region was an anomaly in that it shed fewer jobs than most other areas of the country as the federal government increased spending and hiring to prop up the economy. However, during this most recent recession, the Washington region's economy was not insulated from the effects of the pandemic. Much of the economic pain was concentrated in lower wage sectors, and the changes in jobs and unemployment have not had the same impact as the jobs lost during the 2008/2009 recession and later during the sequestration, when higher paying jobs were lost. The sectors of the economy relying upon discretionary consumer spending have fared the worst, particularly in the service sector, and the recovery continues to lag. In Northern Virginia, from December 2019 to December 2021, the overall number of jobs fell by 22,600 or 1.5 percent, while the number of jobs in the Leisure and Hospitality sector decreased by 11.8 percent. The number of jobs in the well-paying Professional and Business Services sector increased by 3.9 percent during that period. Federal procurement spending accounts for about 30 percent of the Washington area's economy, and the workforce of federal contractors has recovered more quickly from pandemic-related disruptions and resumed more normal operations, even if many continue to work from home. In December 2021, the unemployment rate in Fairfax County was at 2.2 percent, compared to last December's rate of 5.5 percent. The unemployment rate would be higher but for the fact that the

# Advertised Budget Summary

total labor force remains 3.6 percent lower than in December 2019, reflecting lower labor market participation compared to pre-pandemic levels.

Based on information from Bright MLS, the average sales price of homes sold in Fairfax County rose 8.7 percent from \$652,320 in 2020 to \$709,136 in 2021. Home prices increased primarily as a result of the tight inventory of homes for sale and low mortgage rates. Since bottoming out in 2009, the average home sales price has risen 70.0 percent, or at an average annual growth rate of 4.5 percent. Bright MLS also reported that 19,407 homes sold in the County in 2021, up 15.9 percent compared to 2020. Homes that sold during 2021 were on the market for an average of 17 days, down from 19 days in 2020.

In the County's nonresidential market, according to the Fairfax County Economic Development Authority, the direct office vacancy rate at year-end 2021 was 16.0 percent, up from 14.6 percent at year-end 2020. The overall office vacancy rate, which includes empty sublet space, was 17.0 percent at year-end 2021, up from 15.5 percent recorded at year-end 2020. The amount of empty office space increased to 20.3 million square feet.

At year-end 2021, office development continued around Metro stations in the Silver Line corridor and in other areas of the County as well. Six office buildings, totaling approximately 2.1 million square feet, were under construction as of December 2021. The 0.9 million square feet of office that delivered in 2021 fell short of 2020's level of approximately 1.2 million square feet. Office leasing activity totaled 2.2 million square feet during the first half of 2021, compared to 1.9 million in the back half of 2020. The number remains considerably down from pre-pandemic levels. The expectation is that office leasing activity will remain low through the rest of 2021, with many industry experts viewing 2022 as the beginning of the office market recovery.

## FY 2023 General Fund Budget Summary

Based on the current Real Estate Tax rate of \$1.14 per \$100 of assessed valuation, \$389.33 million in increased revenue is projected over FY 2022 levels. This amount is reduced by \$12.25 million due to the expansion of the tax relief program approved by the Board of Supervisors, \$5.00 million due to the dedication of additional revenue to affordable housing, and \$42.62 million due to the transfer of Land Development Services to a new Special Revenue Fund. With an increase in Transfers In of \$0.71 million, \$330.17 million is available for FY 2023 requirements. The FY 2023 Advertised Budget Plan allocates \$117.90 million of these available resources for Fairfax County Public Schools (FCPS) priorities and \$127.84 million for County requirements, with a net increase of

## Advertised Budget Summary

\$5.17 million in reserve requirements. The remaining balance of \$79.26 million is available for Board consideration in FY 2023.

The following table summarizes the FY 2023 Advertised Budget Plan.

<b>Adjustments included in FY 2023 General Fund Budget</b>			
<i>(Amounts shown are in millions, net change over FY 2022 Adopted Budget Plan)</i>			
<b>Available Revenue Increase</b>			
Revenue Increase at Current Real Estate Tax Rate			\$389.33
Expansion of Tax Relief for Seniors and Disabled			(\$12.25)
Revenues directed to Affordable Housing			(\$5.00)

<b>Total Uses</b>			<b>\$250.91</b>
<b>Available Balance</b>			<b>\$79.26</b>

### FY 2023 General Fund Revenue

FY 2023 General Fund revenues are projected to be \$4,847,783,676, an increase of \$309,816,896, or 6.8 percent, over the *FY 2022 Revised Budget Plan*, which contains the latest FY 2022 revenue estimates, and an increase of \$329,458,716, or 7.3 percent, over the FY 2022 Adopted Budget Plan.

On the County's real estate front, residential equalization reflects a 9.57 percent increase in FY 2023, while non-residential equalization increased by 2.27 percent. The overall Real Estate tax base grew 8.57 percent.

The value of a penny on the Real Estate Tax rate is \$29.4 million in FY 2023. Each penny change in the tax rate equals \$66.90 on a taxpayer's bill. Given an average value of a residential unit of \$668,974, the "typical" residential annual tax bill will rise, on average, \$666.09 in FY 2023 at the proposed Real Estate tax rate of \$1.14 per \$100 of assessed value due to the rise in the average value of a residential unit.

The income and asset limits of the Real Estate Tax Relief Program were adjusted by the Board of Supervisors, resulting in a decrease of \$12.25 million in anticipated revenue. For FY 2023, the income limits provide 100 percent exemption for elderly and disabled taxpayers with incomes up to \$60,000; 50 percent exemption for eligible applicants with income between \$60,001 and \$80,000; and 25 percent exemption if income is between \$80,001 and \$90,000. The allowable asset limit in FY 2023 was also increased and is \$400,000 for all ranges of tax relief. Veterans, who have a 100 percent permanent and total disability related to military service, or their surviving spouse, are eligible for full Real Estate Tax relief regardless of income or assets. In addition, the surviving spouse of a veteran who has been killed in action may be eligible for a full or partial exemption of real estate taxes for their principal residence and up to one acre of land. For tax years beginning on or after January 1, 2017, a surviving spouse of a first responder killed in the line of duty may be eligible for a full or partial exemption of real estate taxes for their principal residence and up to one acre of land.

The *General Fund Revenue Overview* in the FY 2023 Overview volume has additional details on General Fund revenues.

### FY 2023 General Fund Disbursements

FY 2023 General Fund disbursements are \$4,776.73 million, an increase of \$249.40 million, or 5.51 percent, over the FY 2022 Adopted Budget Plan and a decrease of \$86.34 million, or 1.78 percent, from the *FY 2022 Revised Budget Plan*. As the *FY 2022 Revised Budget Plan* includes the carryforward of encumbrances from FY 2021 and other one-time adjustments for FY 2022 approved as part of the *FY 2021 Carryover Review* and *FY 2022 Mid-Year Review*, comparisons between the FY 2023 budget and the *FY 2022 Revised Budget Plan* may be misleading. Thus, this section focuses on changes from the FY 2022 Adopted Budget Plan. Of the \$249.40 million increase over the Adopted Budget, \$245.73 million reflects programmatic adjustments, and \$3.67 million reflects an increase in reserve requirements.

It should also be noted that 109 new positions, some outside of the General Fund, are included in the FY 2023 Advertised Budget Plan, and are detailed on the following pages.

### Summary by Strategic Plan Priority

On October 5, 2021, the Board of Supervisors adopted the County's first-ever Countywide Strategic Plan. The purpose of the plan was to build upon previous countywide strategic initiatives, such as the Lines of Business review and the Economic Success Strategic Plan, to improve the way the County sets short and long-term goals, takes specific action to dedicate resources to the top community priorities, and communicates the results to residents and other stakeholders in a way that is meaningful and transparent. For the past two years, key elements of the Countywide Strategic

# Advertised Budget Summary

Plan have been gradually integrated into the annual budget process. The Ten Community Outcome Areas and the related Indicators of Community Success provide an initial framework for departments to align their work, as the process to identify and prioritize specific strategies and metrics moves forward.

Funding adjustments included in the FY 2023 Advertised Budget Plan are presented below, categorized by the priority areas as included in the Strategic Plan. It should be noted, however, that two areas of funding – compensation and debt service – cross all priority areas. As a result, these categories are presented separately. Additionally, while some capital construction expenses are shown by priority area, unallocated capital funding is also presented centrally.

## Employee Compensation (Pay and Benefits)

\$102.48 million

The FY 2023 Advertised Budget Plan includes funding for a market rate adjustment, as well as performance and longevity increases for general County employees and merit and longevity increases for uniformed public safety employees.

### 4.01% Market Rate Adjustment

Funding of \$57.08 million is included for the full-year impact of a 4.01 percent Market Rate Adjustment (MRA) increase effective July 2022 for all employees. The MRA provides a guide to the amount of pay structure adjustment needed to keep County pay rates competitive with the market and is based on a formula approved by the Board of Supervisors.

The FY 2023 Advertised Budget Plan includes an increase to keep the County's **Living Wage** competitive in relation to the market. Consistent with the methodology used to adjust County pay scales, the Living Wage will be increased by the approved Market Rate Adjustment each year. For FY 2023, this will result in a 4.01 percent increase from the current rate of \$15.29 per hour to \$15.90 per hour. There is no fiscal impact anticipated, and staff will continue to monitor other local jurisdictions for competitiveness.

The calculation of the MRA consists of the following components:

- Consumer Price Index (CPI) for the Washington-Arlington-Alexandria area, as prepared by the U.S. Department of Labor's Bureau of Labor Statistics. The CPI closely monitors changes in the cost of living. The CPI represents 40 percent of the MRA calculation.
- Employment Cost Index (ECI) as prepared by the U.S. Department of Labor's Bureau of Labor Statistics. The ECI measures the rate of change in employee compensation (wages and salaries). The index used by the County measures changes in employee compensation for "Civilian" workers. This includes private sector, state, and local government employees. Federal employees are not included in this index. The ECI represents 50 percent of the MRA calculation.
- Federal Wage Adjustment for the Washington-Baltimore area as prepared by the federal Office of Personnel Management. Fairfax County uses the most current approved wage adjustment in budget calculations; however, because of the timing of the approval of the Federal Wage Adjustment and the County's budget cycle, the County uses the wage adjustment from the previous January. The Federal Wage Adjustment represents 10 percent of the MRA calculation.

### General County Performance/Longevity Increases

Funding of \$15.25 million supports General County employee pay increases reflecting the performance and longevity program for all eligible General County employees approved by the Board of Supervisors in fall 2014 and implemented in FY 2016. The funding reflects increases effective July 2022 for graduated performance increases, based on where employees are on the pay scale, and the 4 percent longevity increases provided to employees who reach 20 or 25 years of service. In FY 2023, all employees reaching 20 or 25 years of service as of June 30, 2022, will receive a 4 percent increase. Additionally, those employees who were eligible for a longevity increase in the last

# Advertised Budget Summary

two years but did not receive the adjustment will receive their longevities. Employees receiving a longevity award do not also receive a performance award. The performance increases range from 3 percent for employees within 15 percent of the bottom of the pay scale to 1.25 percent for employees within 25 percent of the top of the pay scale. The average increase in FY 2023 is 2.15 percent.

## Public Safety Merit/Longevity Increases

Funding of \$10.90 million is included for public safety pay increases which reflect merit and longevity increases for all eligible uniformed public safety employees, including \$1.88 million due to the expansion of public safety longevity increases to include a 25-year milestone. The funding reflects the partial-year costs for merit and longevity increases provided to uniformed employees in FY 2023 since all increases are effective on the employee’s anniversary date. Longevities earned in prior years but not awarded as a result of resource constraints will be effective July 2022. Merit increases are awarded to public safety employees as they progress through the pay scale. Public safety employees who have reached a length of service milestone of 15 or 20 years are eligible for longevities. The FY 2023 Advertised Budget Plan recommends the addition of a 25-year milestone to the public safety pay plans to improve retention of those public safety employees nearing the end of their careers. Merit and longevity increases are each 5 percent for public safety employees. A larger percentage of public safety employees are eligible for these increases in FY 2023 due to the deferral of merit and longevity increases in FY 2021 and FY 2022. As a result, approximately 77 percent of public safety employees are eligible for a merit or longevity increase, and the average increase is approximately 3.85 percent.

Average projected employee pay increases for FY 2023 for merit employees are provided below:

	General County	Uniformed Public Safety
Market Rate Adjustment	4.01%	4.01%
Steps/Longevities	--	3.85%
Performance/Longevities	2.15%	--
<b>Average Increase</b> (Range of Increases)	<b>6.16%</b> (4.01%-8.01%)	<b>7.86%</b> (4.01%-9.01%)

## Increases Resulting from Benchmark Studies

Analyses are performed annually to determine if job class midpoints are inconsistent with the market midpoint average. An increase of \$12.01 million is included for the FY 2023 impact of employee compensation adjustments resulting from these benchmark studies.

- For General County employees and uniformed public safety communicators, external market reviews were performed for 78 benchmark job classes. Based on the results of the analysis, 14 benchmark classes required adjustment. These benchmark classes include:
  - Behavioral Health Specialist II
  - Business analyst II
  - Crime Analyst I
  - Fire Inspector II
  - Helicopter Pilot II
  - Housing/Community Developer II
  - Maintenance Worker
  - Physical Therapist II
  - Planner II
  - Public Health Nurse II
  - Public Safety Communicator III

## Advertised Budget Summary

- Real Estate Appraiser
- Right-of-Way Agent/Property Analyst
- Speech Pathologist II

This is a larger number of job classes than are typically identified for adjustment due to the deferral of benchmark study adjustments in FY 2021 and FY 2022. Including job classes linked to the benchmarks studied, a total of 109 job classes were recommended for adjustment. Recognizing the difficulties that agencies are currently experiencing with employee recruitment and retention, these adjustments were implemented in February 2022 and employees in these job classes received increases of up to 5 percent for each grade increase.

- For the Police, Fire and Rescue, and Sheriff public safety groups, three agreed-upon benchmark classes are compared to local comparators. Recommendations for adjustments are made when at least two of the benchmark classes are below 95 percent of the market midpoint average. Based on the results of the analysis, no increases are recommended for job classes in these pay groups in FY 2023. It should be noted that, for purposes of the benchmark review, 24-hour shift differential pay, mandated overtime, and the annual stipend for staff positions are included in the salaries for uniformed Fire and Rescue personnel. These changes were developed in collaboration with employee group representatives as part of the 2019 Fire and Rescue Compensation and Organizational Review.
- An analysis is performed annually to determine if shift differential premium pay rates are consistent with the market average, with adjustments recommended for those rates that fall below 95 percent of the market average. As a result of this analysis, the evening shift differential rate for sworn police officers is increased from \$0.95 to \$1.02 per hour, the night shift differential rate for sworn police officers is increased from \$1.35 to \$1.51 per hour, and the night shift differential rate for deputy sheriffs is increased from \$1.30 to \$1.45 per hour.

### Salary Supplements for Eligible State Employees

An increase of \$0.11 million is included for salary supplements provided by the County to eligible state employees. The cost of these supplements, which are set at 15 percent of salary for new employees, has increased due to an increase in the number of eligible positions and an increase in base salaries provided by the state.

### Retirement

No change is required in the employer contribution rates for the County's three retirement plans. It is the County's policy to fully fund the actuarially determined contributions; beginning in FY 2020, the contribution rates were calculated including amortization of 100 percent of the unfunded liability. Stability in the employer contribution rates in FY 2023 is primarily because all three systems exceeded the 7.25 percent assumed rate of investment return in FY 2021. The Employees' system was up 26.9 percent, the Uniformed system was up 25.4 percent, and the Police Officers system was up 31.2 percent, all net of fees. It should be noted that, as of the most recent actuarial valuation, the County moved to a more conservative rate of return for the retirement systems, lowering the discount rate from 7.25 percent to 6.75 percent.

### Health Insurance and Other Benefits Adjustments

An increase of \$7.12 million is associated with the net impact of adjustments necessary in several benefits categories based on experience and projected rate changes. This adjustment includes projected premium increases of 5.0 percent for all health insurance plans, effective January 1, 2023, as well as the full-year impact of January 2022 premium adjustments, which ranged from 8.7 to 25.0 percent. The 5.0 percent increase is a budgetary projection only; final premium decisions will be made in the fall of 2022 based on updated experience. Decisions will be based on the impact to

# Advertised Budget Summary

employees and retirees, the actual claims experience of each plan, the maintenance of adequate reserves, and the impact on the County's OPEB liability.

## Debt Service

**\$5.11 million**

FY 2023 General Fund support of County debt service requirements is \$133.67 million, an increase of \$2.36 million over the FY 2022 Adopted Budget Plan. The General Fund transfer to the School Debt Service Fund is \$199.87 million, an increase of \$2.75 million, or 1.40 percent, over the FY 2022 level. The increased FY 2023 funding levels support programmed debt service payments, including the \$300.00 million in General Obligation bonds sold in January 2022. During FY 2023 it is anticipated that a General Obligation bond sale estimated at \$350.00 million will be conducted to fund cash requirements for on-going capital projects for School and County purposes. This bond sale estimate is consistent with the FY 2023-FY 2027 Advertised Capital Improvement Program (CIP) and is consistent with the recommendations from the Joint County/Schools CIP Committee discussed in the section below. It should be noted that the increased bond sales in 2023 do not impact debt service requirements in FY 2023.

## Capital Construction

**\$5.00 million**

An increase of \$5.00 million in capital paydown funding, split evenly between County and Schools with increased funding of \$2.50 million for each, has been included based on the recommendations of the Joint County/Schools CIP Committee.

In February 2020, the Board of Supervisors and the School Board established a joint CIP working group to allow for information sharing, prioritizations, and planning by both the County and FCPS. The Committee spent its time reviewing existing Financial Policies, considering the financing options available for capital projects, understanding the capital project requirements identified for both the County and FCPS, and evaluating the current CIP Plan and processes. Following these discussions, the Committee arrived at a series of recommendations, which include increasing the General Obligation Bond sale limit from \$300 million to \$400 million annually; dedicating the equivalent value of one penny on the Real Estate tax for the capital program and splitting those funds between the County and FCPS to support infrastructure replacement and upgrade projects and debt service requirements on the increased annual sales; and increasing the percentage allocated to the Capital Sinking Fund at year-end and including FCPS in the allocation.

These recommendations were approved by the Board of Supervisors on December 7, 2021, and, when fully implemented, will provide significant funding for both capital programs in the future. This year's CIP reflects the plan to increase annual bond sales gradually to the revised limit, including an additional \$50 million beginning in January 2023 and \$50 million in January 2025, for a total increase of \$100 million (evenly split between County and FCPS). It is anticipated that these increased bond sales will allow FCPS to design and construct an additional 1-2 schools per year and will allow the County to overcome several challenges in the current and future bond program.

Although the Committee recommended setting aside the equivalent of one penny on the Real Estate Tax rate, based on other spending requirements in the FY 2023 proposal, particularly those related to compensation, this budget does not include the allocation of a full penny.

The FY 2023 General Fund transfer to the School Construction Fund increases \$2.50 million to \$15.60 million due to the Schools share of the increase in capital paydown funding. FY 2023 General

## Advertised Budget Summary

Fund transfers to County Capital Construction funds total \$25.50 million, representing a net increase of \$6.82 million over the FY 2022 Adopted Budget Plan. This increase is primarily due to an adjustment of \$3.95 million, with no net General Fund impact, associated with funding for maintenance and snow removal previously budgeted in the General Fund that has been moved to a capital fund to provide more transparency and the carryforward of balances at year-end. In addition, the General Fund Supported Capital Program includes \$2.50 million based on the recommendations of the Joint CIP Committee to increase support for infrastructure replacement and upgrade projects. A million of this total is proposed to be utilized for feasibility studies for projects planned in the CIP. Adjustments in other projects constitute the remaining \$0.37 million, and details of these adjustments are provided in the following sections, categorized by the appropriate Strategic Plan priority outcome area.

In addition to the funding included in the FY 2023 Advertised Budget Plan, it has been the Board's practice in recent years to fund infrastructure replacement and upgrade projects using one-time funding as available as part of quarterly reviews. This has included the allocation of 20 percent of the available year-end balances to the Capital Sinking Fund each year as part of the Carryover Review. Funding provides for infrastructure replacement and upgrades, such as facility roofs, electrical systems, HVAC and reinvestment in trails, pedestrian bridges, and other infrastructure requirements. The Joint CIP Committee recommended an increase in the allocation to 30 percent and inclusion of the Fairfax County Public Schools in the allocation; this recommendation will be formally addressed as part of the *FY 2022 Carryover Review*.

### FY 2023 Capital Construction/Paydown Summary<sup>1</sup>

	Commitments, Contributions, and Facility Maintenance	Paydown	Total General Fund Support
ADA Improvements	\$0	\$350,000	\$350,000
Athletic Field Maintenance and Sports Projects	\$5,279,338	\$1,700,000	\$6,979,338

<i>Subtotal</i>	<i>\$1,000,000</i>	<i>\$1,500,000</i>	<i>\$2,500,000</i>
<b>Total General Fund Support</b>	<b>\$18,438,773</b>	<b>\$7,057,000</b>	<b>\$25,495,773</b>

<sup>1</sup> Reflects General Fund support. Other funding sources such as dedicated revenue and bond funding are not included in these totals.

Details about the Capital program are available in the *Capital Projects Overview* of the Overview volume.

# Advertised Budget Summary

## Capital Improvement Program

The FY 2023-FY 2027 Capital Improvement Program (CIP) totals \$12.0 billion. The total bond program within the CIP is \$2.3 billion (includes both General Obligation and Economic Development Authority bonds), and the CIP bond program is managed within the County's debt ratios. Highlights include the review and analysis associated with the long-range Bond Referendum Plan and the County's debt capacity; efforts underway to identify potential FCPS/County shared-use facility sites and other co-location opportunities; and an outline of key changes from the FY 2022 CIP.

The CIP was developed with input from County agencies and to the extent possible, in accordance with the recommendations of the Joint County Board/School Board CIP Committee. One of the topics discussed with the Committee were the challenges the County has been experiencing in recent years that have led to a backlog in unsold bonds. This backlog is based on several factors: limits on bond sales timeframes (8 years with possible 2-year extension), restrictions on annual bond sale amounts, changes in project scopes after voter approval, higher Metro contribution requirements, and project delays associated with co-location opportunities, supply chain issues, and COVID. Although the Committee recommended an increase in the annual bond sale amount from \$300 million to \$400 million, this increase will be gradual over several years and does not address the current challenges or the current CIP plans. Staff is proposing a delay in bond referenda to help with these program challenges. Most referenda are proposed to be delayed 2 years and program areas are proposed for voter approval every 6 years rather than every 4 years. This adjustment should help with the backlog of bonds needed to be sold and position the County to better take advantage of the increased sale limits in the future. The table below outlines the CIP Bond Referendum Plan, including these proposed changes.

### FY 2023-FY 2027 Bond Referendum Plan

Year	Category	Description	Total
Fall 2022	County	No Referendum	--
Fall 2023	Schools	Capital Enhancement, Renovation, Infrastructure Management	\$360 mil
Fall 2024	County	Public Safety (\$146 mil) – Chantilly Fire Station, Fox Mill Fire Station, Oakton Fire Station, Wellfit Performance Center, Mt. Vernon Police Station, Tysons Police Station Transportation (\$180 mil) – Metro Contribution	\$326 mil
Fall 2025	Schools	Capital Enhancement, Renovation, Infrastructure Management	\$460 mil
Fall 2026	County	Human Services (\$117 mil) – Early Childhood Facilities, Tim Harmon Campus, Springfield Community Resource Center Libraries (\$64 mil) – Centreville Regional, Chantilly Regional Technical Operations, Herndon Fortnightly Community, Kings Park Community Parks (\$100 mil) – Fairfax County Park Authority Transportation (\$100 mil) – Roads	\$381 mil

Strategic Plan Priority Area:

## Lifelong Education and Learning

**\$112.79 million**

As part of the FY 2023 Advertised Budget Plan, a net increase of \$112.79 million is dedicated to the priority area of Lifelong Education and Learning. Support for the Fairfax County Public Schools

# Advertised Budget Summary

Operating Fund increases by a total of \$112.65 million, and a slight increase of \$0.14 million is associated with County programs in this priority area.

## Fairfax County Public Schools Operating Support

The FY 2023 Advertised Budget Plan fully funds the Superintendent's transfer request for the School Operating Fund and, as noted above, includes a \$2.50 million increase in capital funding and fully funds required adjustments for School Debt Service. This results in transfers to Schools totaling \$2,500.78 million, an increase of \$117.90 million, or 4.95 percent, over the FY 2022 Adopted Budget Plan. These figures include transfers to the School Operating, Debt Service, and Construction Funds. Transfers to the Schools funds make up 52.4 percent of General Fund disbursements in this proposal.

The FY 2023 Advertised Budget Plan includes \$2.50 billion in support for **Fairfax County Public Schools**, an increase of \$117.90 million, or 4.95% over FY 2022. Transfers to the School Operating, Debt Service, and Construction Funds make up 52.4% of General Fund disbursements in FY 2023.

Of the total increase, an increase of \$112.65 million is included as increased support to the School Operating Fund, an increase of 5.18 percent over the funding level in the FY 2022 Adopted Budget Plan. This level of support fully funds the requested increase included in the Superintendent's Proposed budget, which addresses a number of priorities including a strong compensation program for Schools.

The County provides support for Fairfax County Public Schools outside of General Fund transfers. In FY 2023, \$137.54 million is included in the County budget for programs such as Head Start, School Health, Behavioral Health Services, School Resource Officers, School Crossing Guards, after-school programming, field maintenance, and recreational programs, among others.

## Contract Rate Increases

An increase of \$0.13 million supports a contract rate increase for early childhood programs.

## Contributions to Northern Virginia Community College

Funding of \$2.58 million in Fund 30010, General Construction and Contributions, is included for Fairfax County's capital contribution to the Northern Virginia Community College (NVCC), reflecting an increase of \$5,930 over FY 2022. FY 2023 funding is based on a rate of \$2.25 per capita. This rate is applied to the population figure provided by the Weldon Cooper Center for Public Service. In FY 2023, the NVCC has indicated that all capital funds will be directed to the Early College and Workforce Education Programs and Workforce Credential Exams. Funding for capital construction projects will continue using balances that exist from previous year's jurisdictional contributions.

Fairfax County is a place where all residents at every stage of life are taking advantage of inclusive, responsive, and accessible learning opportunities that enable them to grow, prosper, and thrive.

Additionally, the FY 2023 Fairfax County contribution to NVCC for operations and maintenance in Fund 10030, Contributory Fund, is \$113,250, a decrease of \$171 from the FY 2022 Adopted Budget Plan. The local jurisdictions served by the college are requested to contribute their share of the College's base operating expenditure (not including personnel services), which is calculated on a per capita basis as reported by the College using population figures from the Weldon Cooper Center. This funding reflects the County's share of the services provided to Fairfax County residents as reported by the College and is 45.3 percent of the local jurisdictions' contributions totaling \$250,000 for FY 2023.

# Advertised Budget Summary

Strategic Plan Priority Area:

## Health

\$15.05 million, 12 Positions

Investments in FY 2023 for Health primarily include baseline funds to support Health Department positions added at previous quarterly reviews for the School Health program and public health preparedness efforts that are currently funded through stimulus funds. Funding is also included to support the County's Diversion First and Opioid initiatives. After accounting for the revenue impact associated with these adjustments, the net impact to the General Fund is \$13.28 million.

### Funding to Staff One Nurse in Each Fairfax County Public School

An increase of \$10.88 million is included to support additional positions in the Health Department previously approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*. These positions were initially funded through the ARPA Coronavirus State and Local Fiscal Recovery Funds in FY 2022. The positions will allow the School Health program to staff one nurse in each Fairfax County Public School. This increase is partially offset by \$1.53 million in revenue, for a net General Fund impact of \$9.35 million.

### Funding for Public Health Preparedness

An increase of \$2.04 million is included to support additional positions in the Health Department previously approved by the Board of Supervisors as part of the *FY 2021 Carryover Review* to advance public health preparedness. These positions were initially funded through the ARPA Coronavirus State and Local Fiscal Recovery Funds in FY 2022.

### Diversion First

Diversion First is a multiagency collaboration between the Police Department, Office of the Sheriff, Fire and Rescue Department, Fairfax County Court System, and the Fairfax-Falls Church Community Services Board to reduce the number of people with mental illness in the County jail by diverting low-risk offenders experiencing a mental health crisis to treatment rather than bring them to jail. A total increase of \$1.05 million and 7/7.0 FTE new positions is included to support the Diversion First initiative in FY 2023.

Resources added in FY 2023 will:

- Allow the General District Court to address caseload growth and provide support to the judges.
- In Fund 40040, Fairfax-Falls Church Community Services Board, support direct clinical services with individuals in crisis and successful identification and intervention with individuals in need of diversion from incarceration.
- In Fund 40090, E-911, allow the Department of Public Safety Communications to support the Community Response Team and increase data analytic services and workload requirements to respond to mental health treatment, substance abuse treatment, and peer support in collaboration with the Community Services Board.

Fairfax County is a place where all people can attain their highest level of health.

### Opioid Task Force

An increase of \$0.40 million and 3/3.0 FTE new positions is included in the Office of the Sheriff to continue addressing the opioid epidemic. In response to the opioid crisis facing our nation and local communities in Northern Virginia, the Board of Supervisors established an Opioid Task Force to help address the opioid epidemic locally. The primary goal is to reduce death from opioids through prevention, treatment, and harm reduction strategies. These new resources in FY 2023 will support the jail-based

## Advertised Budget Summary

Medication Assisted Treatment (MAT) program within the Adult Detention Center to include Correctional Health Nurses to allow for 24/7 medical services coverage.

### **Epidemiology**

An increase of \$0.14 million and 1/1.0 FTE new position is included to support the Epidemiology and Population Health program. This position will track and prevent communicable disease infections with a focus on COVID-19. This expenditure increase is partially offset by \$0.11 million in revenue, for a net General Fund impact of \$0.03 million.

### **Falls Church School Health Nurse Position**

An increase of \$0.12 million and 1/1.0 FTE new position is included to support the School Health program for Falls Church City Public Schools. This expenditure increase is fully offset by revenue for no net impact to the General Fund.

### **Contract Rate Increases**

An increase of \$0.19 million supports a contract rate increase for the providers of mandated and non-mandated services in the Health Department.

### **Contribution to Birmingham Green**

An increase of \$0.19 million is included in Fund 10030, Contributory Fund, for the County's contribution to Birmingham Green, a nursing and assisted living facility in Manassas. Operating costs for Birmingham Green are partially covered through the Medicaid and General Relief programs at the maximum rates established by the state. To the degree that these funds, along with some additional funds from Medicare, other insurance, and private pay, are inadequate to cover the full costs of the operation of the facility, Fairfax County and four other sponsoring jurisdictions subsidize the facility on a user formula basis. Each jurisdiction pays for personnel and operating expenses at a level proportionate to the number of the jurisdiction's residents. The increase is based on actual costs and utilization rates at the facilities.

### **Contribution to Volunteer Fairfax**

An increase of \$0.04 million is included in Fund 10030, Contributory Fund, for the County's contribution to Volunteer Fairfax, a private, nonprofit corporation that promotes volunteerism through a network of over 1,000 nonprofit and public agencies by mobilizing people and other resources to improve the community. Its primary goals are to assist private nonprofit and public agencies in developing strong, efficiently managed organizations and volunteer programs; to increase corporate and citizens' direct involvement in the community; to provide programs and services through partnerships that contribute to the resolution of community issues; and to increase the public's awareness of both the need for and the benefits of volunteer service to the community. The center receives funding from Fairfax County as its sole local government source. In addition to the annual contribution, Fairfax County provides in-kind office space to the center. The FY 2023 increase will cover the cost of a part-time Emergency Response Coordinator position to develop, implement, and deliver emergency preparedness programs.

# Advertised Budget Summary

Strategic Plan Priority Area:

## Mobility and Transportation

\$12.25 million, 5 Positions

Increased funding for Mobility and Transportation initiatives are primarily due to Metro and Fairfax Connector requirements.

### Metro Requirements

A net increase of \$9.10 million is required to meet FY 2023 Metro expenditure requirements. The County's FY 2023 operating contribution of \$163.1 million is a 7.2 percent increase over the \$152.1 million subsidy included in WMATA's FY 2022 Adjusted Budget. The increase in operating contribution assumes inflationary adjustments for all operational categories (e.g., Bus, Rail and Paratransit services) including the opening of Silver Line Phase 2 Metrorail service. These numbers are subject to change based on review by the Metro Board of Directors and potential subsequent revisions to jurisdictional operating subsidy requirements. The County will incorporate its final WMATA FY 2023 operating subsidy as part of the *FY 2022 Carryover Review Process*.

Fairfax County is a place where all residents, businesses, visitors, and goods can move efficiently, affordably, and safety throughout the County and beyond via our well-designed and maintained network of roads, sidewalks, trails, and transit options.

The General Fund transfer for Metro has not been increased since FY 2020, as in the past few fiscal years, a portion of the Metro funding increases have been accommodated by maximizing one-time available balances in State Aid, which have been drawn down. Gas Tax receipts have also been utilized to offset increasing subsidies, but these revenues were impacted by the pandemic and have not yet fully rebounded. Additionally, WMATA has used one-time stimulus funds to offset required operational subsidy requirements.

For FY 2023, the County has a \$47.6 million capital requirement to Metro, which is offset by \$42.0 million in General Obligation Transportation Bonds and \$5.6 million in General Fund monies to address the County's share of debt service for bonds that WMATA issued. More information is available in the Fund 30000, Metro Operations and Construction, narrative in Volume 2 of the FY 2023 Advertised Budget Plan.

### County Transit

An increase of \$2.33 million in General Fund support is included for Fairfax Connector requirements. In FY 2022, Fairfax Connector operated 100 routes providing intra-County service and access to Metrorail stations serving County residents. As with Metro, State Aid balances are utilized to support operating expenses for Fairfax Connector and have been drawn down. As a result, additional General Fund support is required. More information is available in the Fund 40000, County Transit Systems, narrative in Volume 2 of the FY 2023 Advertised Budget Plan.

### Fairfax Connector Safety and Asset Coordination Positions

An increase of \$0.29 million and 2/2.0 FTE new positions is included in the Department of Transportation to provide additional capacity for safety coordination, fleet asset management, and compliance with Federal Transit Administration requirements for Fairfax Connector and planned Embark Richmond Highway service.

### Active Transportation Program Positions

An increase of \$0.28 million and 3/3.0 FTE new positions is included in the Department of Transportation to support the Active Transportation group, which is responsible for bicycle, pedestrian, and micro-mobility programs. The additional positions will expand capacity for review of land use applications and field reviews in support of ongoing investments in Active Transportation projects.

## Supplemental Mowing Cycle

An increase of \$0.25 million is included in the Department of Transportation to contract an additional annual mowing cycle from VDOT for state-maintained medians and rights-of-way. Additional mowing addresses safety and aesthetic concerns associated with tall grass along roads throughout the County.

Strategic Plan Priority Area:

## Effective and Efficient Government

\$12.12 million, 30 Positions

Adjustments in the area of Effective and Efficient Government include support for previously approved facility maintenance, collective bargaining, and tax relief positions. Other adjustments are included to provide additional support to the Office of Elections, expand translation services, and fund required lease adjustments. Many of the adjustments included this section support all priority areas but are included here for ease.

## Maintenance Positions

As previously approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*, an increase of \$1.81 million is included in the Facilities Management Department (FMD) to support positions that will plan, direct, and oversee construction projects, including environmental and energy projects, infrastructure replacement and upgrade projects, and agency requested reconfiguration projects.

## Elections Support

An increase of \$1.78 million in the Office of Elections is associated with limited-term staffing for expanded early voting at 16 satellite locations, third-party ballot printing and mailing that is required due to state legislation for no-excuse absentee voting that took effect on July 1, 2020, and software license and electronic poll pads.

## Collective Bargaining

As previously approved by the Board of Supervisors during the *FY 2021 Carryover Review*, an increase of \$1.62 million is included to support the continued implementation of collective bargaining. The Board of Supervisors adopted an ordinance implementing collective bargaining in the County on October 19, 2021. This funding provides operating support and supports a Labor Relations Administrator in the Office of the County Executive, two positions in the Department of Human Resources and two positions in the Department of Management and Budget.

## Lease Adjustments

A net increase of \$1.35 million in the Facilities Management Department has been included for lease requirements in FY 2023 based on an estimated 2.5 to 3 percent escalation on existing leases. This amount also includes a new short-term lease agreement for the Circuit Court Archives, which was approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*.

Fairfax County is a place where all people trust that their government responsibly manages resources, provides exceptional services, and equitably represents them.

## Board Office Support

An increase of \$1.10 million is included in the Board of Supervisors to provide additional support for personnel and operating expenses. This increase includes \$200,000 in the Chairman's Office and \$100,000 in each of the nine district offices.

## Language Access Program

An increase of \$0.87 million and 3/3.0 FTE new positions is included to support the expansion of language translation and interpretation services. This adjustment includes funding and positions in the Office of Public Affairs for a Language Access program, which will strengthen equitable access to information ensuring effective communication in the most commonly spoken languages in Fairfax County. The Language Access program will provide strategic guidance, collect and analyze data, develop training, and implement tools and resources to translate County information and ensure that language is not a barrier. An adjustment is also included in the Juvenile and Domestic Relations District Court to expand in-person interpretation, document translation, over the phone interpretation, and video remote interpretation services. Increases in the need for these services is a direct result of the increase in the County's and Court's increasing non-English speaking population.

## Information Technology

An increase of \$0.75 million in the Department of Information Technology is included to support increased PC Replacement Program costs in Fund 60030, Technology Infrastructure Services. PC Program costs are increasing due to a combination of rising annual software license costs and increased device costs associated with supporting a more mobile workforce.

## One Fairfax – Agency Equity Leads and Training

An increase of \$0.68 million and 2/2.0 FTE new positions includes adjustments associated with the One Fairfax initiative in the County Executive's Office, the Department of Human Resources, the Department of Planning and Development, and the Department of Transportation. These positions and funding will advance equity through planning, project implementation, community engagement, communication, recruitment, and training. It should be noted that some of these positions were previously added through the redirection of existing positions.

## New Facility Maintenance

An increase of \$0.62 million in the Facilities Management Department includes support for required utility, custodial, repair/maintenance, and landscaping costs associated with partial or full-year costs for new or expanded facilities in FY 2022. These facilities include the Morrissette Warehouse Units A and B, Lorton Community Center, and Sully Community Center with minor increases for Edsall Fire Station, Reston Fire Station, Tysons East Fire Station, Woodlawn Fire Station, Police Heliport, Lorton Library, and Braddock Glen Wellness Center. These facilities will provide an additional 178,357 square feet to the current square footage maintained by FMD.

## Tax Relief Positions

An increase of \$0.55 million is included for the full-year costs of 5/5.0 FTE positions approved by the Board of Supervisors as part of the *FY 2022 Mid-Year Review* to address workload requirements associated with the expansion of the Tax Relief Program. The initial changes to the Tax Relief program took effect on January 1, 2022 and are expected to result in an increase in the annual number of applications.

## Warehouse Staffing

An increase of \$0.42 million and 5/5.0 FTE new positions included to support the County's new 42,000 square foot facility on Morrissette Drive in Springfield to accommodate over-capacity storage, elections equipment and other warehouse needs.

## Employee Recruitment

An increase of \$0.35 million and 1/1.0 FTE new position in the Department of Human Resources is included to enhance employee retention efforts. This position and funding will support active recruitment efforts, including social media tools, to proactively seek out candidates for vacant positions.

# Advertised Budget Summary

## Capital Projects Workload

A net increase of \$0.21 million and 6/6.0 FTE new positions in the Office of Capital Facilities is included to address growing workload requirements associated with the planned projects in the Capital Improvement Program (CIP). Positions costs are partially offset by Recovered Costs from capital projects and a reduction in limited-term support.

## Internal Audit Software

An increase of \$0.03 million is included for annual licensing fees for auditing software used by the Office of Internal Audit (OIA). This increase is consistent with action approved by the Board of Supervisors as part of *FY 2021 Carryover Review*.

## Contributory Increases

A net increase of \$0.06 million in Fund 10030, Contributory Fund, reflects increases for contributions to the Metropolitan Washington Council of Governments, the Northern Virginia Regional Commission, the Northern Virginia Transportation Commission, and the Virginia Association of Counties. These adjustments are based on agreed-upon formulas and are adjusted based on per capita rates and changes in estimated population, whose source may differ by agreement.

## Capital Project Reductions

A net decrease of \$0.08 million in the General Fund transfer to Fund 30010, General Construction and Contributions, is based on reductions in the annual payments for the Salona property and a reduction of the amount necessary to support payments to developers for interest earned on conservation bond deposits.

## Stormwater and Wastewater Positions

An increase of 8/8.0 FTE new positions is included in Fund 40100, Stormwater Services, and an increase of 5/5.0 FTE new positions is included in Fund 69010 Sewer Operation and Maintenance, to address workload requirements.

Strategic Plan Priority Area:

## **Empowerment and Support for Residents Facing Vulnerability**

**\$10.66 million, 9 Positions**

Investments made in the area of Empowerment and Support for Residents Facing Vulnerability are primarily included to support positions approved at previous quarterly reviews, such as those added for the Co-Responder Program, the Emergency Rental Assistance program, the Child Protective Services Mobile Unit, and to support increased requests for assistance to address public assistance caseloads. After accounting for the revenue impact associated with these adjustments, the net impact to the General Fund is \$8.49 million.

## Co-Responder Model

An increase of \$3.78 million is included to support additional positions previously approved by the Board of Supervisors as part of the *FY 2022 Mid-Year Review*. These positions, located in the Fairfax-Falls Church Community Services Board and the Police Department, were previously funded through the American Recovery Plan Act (ARPA) in FY 2022 to support the Co-Responder Model which pairs a Crisis Intervention Specialist and a Crisis Intervention Team trained police officer to respond to 911 calls that are related to behavioral health issues.

## Contract Rate Increases

An increase of \$1.81 million supports a contract rate increase for the providers of mandated and non-mandated services in the Department of Family Services and the Department of Neighborhood and Community Services. This increase is partially offset by increased revenue of \$0.47 million, for a net General Fund impact of \$1.34 million.

## Funding for Positions for the Emergency Rental Assistance Program

As previously approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*, an increase of \$1.13 million is included in the Department of Neighborhood and Community Services to support additional positions for the Emergency Rental Assistance program. In FY 2022, these positions were funded through the ARPA Coronavirus State and Local Fiscal Recovery Funds.

## Child Protective Services Mobile Unit

As previously approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*, an increase of \$0.73 million is included in the Department of Family Services to support additional positions to address increasing caseloads in Child Protective Services for both intake and ongoing services as well as to stay in compliance with the Virginia Department of Social Services for both timeliness and accuracy of cases processed. This expenditure increase is fully offset by an increase in federal and state revenue for no net impact to the General Fund.

Fairfax County is a place where all residents facing vulnerability are empowered and supported to live independent lives to their fullest potential.

## Public Assistance Eligibility Workers to Address Increased Caseloads

As previously approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*, an increase of \$0.72 million is included in the Department of Family Services to support additional positions in the Public Assistance program. The positions will continue to address the increase in public assistance caseloads in the Self-Sufficiency Division in order to meet state and federal guidelines for both timeliness and accuracy. The expenditure increase is fully offset by an increase in federal and state revenue for no net impact to the General Fund.

## Consolidated Community Funding Pool

An increase of \$0.61 million or 5 percent, in the General Fund Transfer to Fund 10020, Consolidated Community Funding Pool, is associated with performance and leverage requirements for nonprofit organizations and provides additional funding to community organizations to meet health and human services needs in the County. FY 2023 is the first year of the next two-year award cycle for grant-making to community-based organizations.

## Services in Support of Domestic and Sexual Violence Services

An increase of \$0.39 million and 3/3.0 FTE new positions in the Department of Family Services is included to support Domestic and Sexual Violence Services. Two positions supporting clinical services will help meet the increased demand for domestic and sexual violence services and will allow DFS to tailor clinical interventions to better meet community needs, and one position will support the Hospital Accompaniment program which provides accompaniment services for victims of interpersonal crime seeking forensic exams

## Short-Term Behavioral Health Services

As previously approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*, an increase of \$0.40 million is included in the Department of Family Services to support an additional position as well as contracted short-term behavioral services in order to provide outpatient therapy to eligible youth and their families. In FY 2022, these services were funded through the ARPA Coronavirus State and Local Fiscal Recovery Funds.

# Advertised Budget Summary

## SafeSpot Contract

An increase of \$0.38 million in the Department of Family Services supports the SafeSpot contract which is the County's Children's Advocacy Center (CAC). The CAC is a child-focused, facility-based program where representatives from many disciplines provide a coordinated approach to evaluating severe physical abuse and sexual abuse. Additionally, the CAC makes recommendations regarding child abuse investigation, treatment, intervention, and prosecution of child abuse cases.

## Family First In-Home Services

As previously approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*, an increase of \$0.24 million in the Department of Family Services is included to appropriate additional revenue from the state to support additional positions supporting Family First In-Home Services. The expenditure increase is fully offset by an increase in federal and state revenue for no net impact to the General Fund.

## Family Partnership Coordinator

As previously approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*, an increase of \$0.17 million in Fund 40045, Early Childhood Birth to 5, is included to coordinate with families disproportionately impacted by COVID-19 to help develop, implement, and coordinate an intentional and measurable strategy for ensuring that these families inform the work of the Equitable School Readiness Strategic Plan (ESRSP). The Family Partnership Coordinator will play an ongoing role on the ESRSP Implementation Planning Team. This position was funded through ARPA Coronavirus State and Local Fiscal Recovery Funds in FY 2022.

## Emergency Services

An increase of \$0.15 million and 1/1.0 FTE new position is included in the Fairfax-Falls Church Community Services Board to support mandatory independent evaluations as required by Virginia Code to meet the increased demand of civil commitment hearings in the county.

## Artemis House

An increase of \$0.14 million is included in the Department of Housing and Community Development to support rent, utilities, maintenance, repairs, and security costs at the Artemis House Domestic Violence Shelter.

## Detoxification and Residential Treatment Services

An increase of 5/4.5 FTE new positions in the Fairfax-Falls Church Community Services Board will support detoxification and residential treatment services in response to the opioid crisis. The cost of these positions is fully offset by Addiction Recovery Treatment Services revenue.

Strategic Plan Priority Area:

## Safety and Security

**\$6.57 million, 27 Positions**

Safety and Security priorities for FY 2023 include support for new facilities, such as the Scotts Run Fire Station 44 and the South County Animal Shelter and funding to address workload issues, such as those in the Office of the Commonwealth's Attorney.

## Scotts Run Fire Station 44 Staffing

An increase of \$2.92 million is required to support 17/17.0 FTE new positions in the Fire and Rescue Department to fully staff Fire Station 44, Scotts Run. As part of a phased-in approach, 8/8.0 FTE positions were funded to staff a Medic Unit as part of the FY 2022 Adopted Budget Plan. Funding in

# Advertised Budget Summary

FY 2023 supports 15/15.0 FTE uniformed positions to staff a Fire Engine and 2/2.0 FTE support staff positions

## Commonwealth's Attorney Caseloads

An increase of \$0.80 million and 6/6.0 FTE new positions in the Office of the Commonwealth's Attorney is included to support workload requirements. The Commonwealth's Attorney has requested additional positions to cover workload that was backlogged or no longer covered due to a lack of resources. These new positions will allow the office to prosecute a wider array of crimes.

## County Security Reorganization

An increase of \$0.80 million, including \$0.49 million in funding consistent with action approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*, in the Department of Emergency Management and Security will support the relocation of all security functions to the agency and provide security at the temporary Circuit Court Archive facility. The security team ensures all facets of security are kept up to date with the current crime trends, tensions within the country, legislative and political changes, technology advancements, and relevant training. This reorganization will better align these duties with the DEMS goals to prepare for, respond to, and recover from new and challenging threats.

## E-911 CAD and Public Radio System Maintenance

An increase of \$0.60 million in Fund 40090, E-911, is included to support increased costs for the Computer-Aided Dispatch (CAD) monthly data service and the Public Radio System and telephony maintenance. These services are critical to maintain the technological advancements to the County's 9-11 platform.

Fairfax County is a place where all people feel safe at home, school, work and in the community.

## Animal Shelter Staffing

An increase of \$0.39 million and 2/2.0 FTE new positions is included in the Department of Animal Sheltering to begin the process of staffing the South County Animal Shelter. It is anticipated that the new shelter will open in May 2023 and additional positions will be reviewed in future budget processes. Funding is also included due to accommodate adjustments resulting from an internal review of the Animal Caretaker job series based on increased workloads.

## Electronic Control Weapons

An increase of \$0.36 million is included in the Police Department for Electronic Control Weapons (ECW), or Tasers, based on recommendations by the Ad-Hoc Police Practices Review Commission. ECW are a tool for de-escalation tactics to allow officers more time to assess a situation and summon assistance and reduce the need for use of force. This funding supports the department's current practice mandating that all uniformed officers in enforcement units carry an ECW on their person when on patrol.

## Office of the Police Civilian Review Panel

Consistent with actions approved by the Board of Supervisors as part of the *FY 2022 Mid-Year Review*, an increase of \$0.33 million is included in the Office of the Police Civilian Review Panel to support the establishment of the agency.

## Supervised Visitation and Exchange Program

An increase of \$0.24 million and 1/0.5 FTE new position is included in the Juvenile and Domestic Relations District Court to support the Supervised Visitation and Exchange Program. This program allows children to maintain a relationship with both of their parents in a safe and secure setting where the child can visit the parent who does not have custody of the child.

## Urban Areas Security Initiative

An increase of \$0.12 million and 1/1.0 FTE new position in the Department of Emergency Management and Security is associated with the transition of Urban Areas Security Initiative (UASI) funding to local government funding. This funding will allow the volunteer program to continue across the County to further assist with disaster volunteer management, community engagement and education, and overall disaster response

Strategic Plan Priority Area:

## Cultural and Recreational Opportunities

---

**\$4.75 million, 7 Positions**

Increased funding for Cultural and Recreational Opportunities is included in FY 2023 primarily to support new facilities, such as the Lorton Community Center, the Sully Community Center, Patriot Park North, and the Community Center in Lee District. Funding is also included to support Celebrate Fairfax as it rebuilds its operations and to implement a pilot program in the Park Authority that aims to improve access to its programs.

### Lorton Community Center

An increase of \$1.42 million is included in the Department of Neighborhood and Community Services to support full-year operations of the new Lorton Community Center scheduled to open in August 2022. It is anticipated that 9/8.5 FTE positions will be included in the *FY 2022 Third Quarter Review* to give sufficient time for staff recruitment prior to the opening of the facility.

### Sully Community Center

An increase of \$0.99 million and 1/1.0 FTE new position is included in the Department of Neighborhood and Community Services, the Health Department, and the Fairfax County Park Authority to support full-year operations and programs at the new Sully Community Center, which will help provide equitable access to health services and recreational opportunities. Partial-year funding and positions were included in the FY 2022 Adopted Budget Plan to account for the facility opening in the last quarter of FY 2022.

### Contribution to Celebrate Fairfax

An increase of \$0.75 million is included in Fund 10030, Contributory Fund, to support Celebrate Fairfax, Inc. (CFI). CFI has served the County since 1982 with signature events, experiences, and entertainment that build a sense of community. While the organization is designed to be self-supporting, health and safety concerns from the pandemic resulted in the cancellation of 2020 and 2021 events and disrupted CFI's operations to the point that financial assistance from the County was necessary for CFI to continue operating. These funds will allow Celebrate Fairfax to continue the Rebuild phase of the plan including expanded staffing to operate the People, Arts, Recreation, and Community (PARC) site full-time and expand the number of events throughout the community in 2022 and 2023.

### Equitable Access Program

An increase of \$0.50 million is included in the Fairfax County Park Authority to facilitate a Social Equity pilot program. This pilot program will support the development of a strategy, by utilizing geographic and demographic data, to support a significant expansion of the Park Authority's existing scholarship program and approach to serving residents living in "equity areas" of Fairfax County. The Park Authority will work with staff in the Department of Neighborhood and Community Services and the Department of Family Services to both identify geographic options for a pilot and to expand income and eligibility definitions and a fee reduction program based on demonstrated financial need.

## **Patriot Park North**

An increase of \$0.31 million and 3/3.0 FTE positions is included in the Fairfax County Park Authority to support partial-year funding associated with the opening of the Patriot Park North Complex, which is scheduled to be completed in December 2022. The development of the complex was a priority of the Sports Tourism Task Force.

## **Athletic Field Maintenance and Sports Projects**

An increase of \$0.24 million is included in Fund 30010, General Construction and Contributions, for the athletic field maintenance and sports program. This increase includes \$0.09 million for athletic field maintenance requirements at the new Patriot Park North Complex and increased funding of \$0.15 million to support additional Youth Sports Scholarships.

## **Park Authority Inspections, Maintenance, and Infrastructure Upgrades**

An increase of \$0.20 million is included in Fund 30010, General Construction and Contributions, for maintenance of Park facilities and grounds. This additional funding is associated with maintenance of 165 acres in additional park land acquired since FY 2018 for which there was no corresponding increase in maintenance funding. The Park facilities maintained with General Fund monies include but are not limited to rental properties, historic properties, nature centers, maintenance facilities, sheds, shelters, and office buildings. Park priorities are based on the assessment of current repair needs including safety and health issues, facility protection, facility renewal, and improved services.

Fairfax County is a place where all residents, businesses, and visitors are aware of and able to participate in quality arts, sports, recreation, and culturally enriching activities.

## **Expanded Programming at Original Mount Vernon High School**

An increase of \$0.13 million and 1/1.0 FTE position is included in the Department of Neighborhood and Community Services to support expanded programming associated with South County Teen and Senior Centers that have relocated to the Original Mount Vernon High School facility.

## **Contribution to Northern Virginia Regional Park Authority**

A decrease of \$0.11 million is included in Fund 10030, Contributory Fund, for Fairfax County's contribution to the Northern Virginia Regional Park Authority (NVRPA). The NVRPA is a multi-jurisdictional, special-purpose agency established to provide a system of regional parks for the Northern Virginia area. The NVRPA currently operates 30 regional parks and owns over 11,000 acres of land, of which more than 8,000 acres are in Fairfax County. These community resources are supported primarily from the annual contributions of its six member jurisdictions: the counties of Fairfax, Loudoun and Arlington, and the cities of Fairfax, Alexandria, and Falls Church. Each member jurisdiction's contribution is in direct proportion to its share of the region's population. Based on changes in the County's population, the Fairfax County share increases slightly in FY 2023. The County's contribution to the NVRPA in FY 2023 is \$2.34 million. An additional \$3.0 million is included in Fund 30010, General Construction and Contributions for the County's annual capital contribution.

## **Community Center in Lee District**

As previously approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*, an increase of \$0.11 million is included in the Department of Neighborhood and Community Services to support recreational and educational programming for residents of all ages at the new Community Center in Lee District.

## **McLean Community Center**

An increase of 2/2.0 FTE positions is included to support expanded activities within the McLean Community Center.

# Advertised Budget Summary

Strategic Plan Priority Area:

## Economic Opportunity

\$2.34 million, 9 Positions

Increases in the area of Economic Opportunity for FY 2022 are primarily associated with the expansion of School-Age Child Care Room and coaching and job training for unemployed and underemployed workers. After accounting for the revenue impact associated with these adjustments, the net impact to the General Fund is \$1.80 million.

### School-Age Child Care Rooms

An increase of \$1.62 million and 2/1.6 FTE new positions in the Department of Neighborhood and Community Services is associated with the opening of two new School-Age Child Care (SACC) rooms at Lorton Community Center as well as full-year funding for the five SACC rooms previously approved as part of *FY 2021 Carryover Review*. This increase is partially offset by increased SACC revenue of \$0.83 million, for a net General Fund impact of \$0.79 million.

Fairfax County is a place where all people, businesses, and places are thriving economically.

### Coaching and Job Training

As previously approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*, an increase of \$0.72 million is included in the Department of Family Services to serve an additional 300 unemployed and underemployed workers in Fairfax County affected by the COVID-19 pandemic. In FY 2022, these positions were funded through the ARPA Coronavirus State and Local Fiscal Recovery Funds.

### Land Development Services Positions

An increase of 7/7.0 FTE new positions is included in Fund 40200, Land Development Services, to support the maintenance and customer technical support services of the new land development system, PLUS, which is expected to be launched in October 2022. Four of the new positions will join the Business Support Group of PLUS, and the other three positions will be added to a dedicated Customer and Technical Support Center to help customers transition to the new platform and all-online permitting.

Strategic Plan Priority Area:

## Housing and Neighborhood Livability

\$1.52 million, 7 Positions

Additional resources included for Housing and Neighborhood Livability in FY 2023 are primarily associated with positions to support the County's affordable housing efforts.

### Dedication of Additional Real Estate Revenue to Affordable Housing

As part of their budget guidance as approved with the FY 2022 Adopted Budget Plan, the Board of Supervisors directed that, in addition to the existing half-penny, funding equivalent to one half-penny on the Real Estate tax rate be dedicated to the County affordable housing program in FY 2022 and FY 2023, either using County dollars or federal stimulus funds. The FY 2023 Advertised Budget Plan includes an increase of \$5.00 million in baseline funding for affordable housing, with a total of \$19.69 million in Real Estate tax revenue directly allocated to Fund 30300 Affordable Housing Development and Investment (previously the Penny for Affordable Housing Fund). In addition to this baseline funding, one-time funding for the program has included allocations of \$30 million from the

# Advertised Budget Summary

County's ARPA Coronavirus State and Local Fiscal Recovery Funds and a total of \$10 million allocated as part of the *FY 2021 Carryover Review* and *FY 2022 Mid-Year Review*.

Fairfax County is a place where all people live in communities that foster safe, enjoyable, and affordable living experiences.

## Affordable Housing Positions

An increase of \$0.94 million and 5/5.0 FTE new positions is included in the Department of Housing and Community Development to support the creation, rehabilitation, and preservation of affordable housing throughout Fairfax County with

an emphasis on the recommendations of the Affordable Housing Resource Panel and Phase II of the Communitywide Housing Strategic Plan to produce 5,000 units of affordable housing over the next fifteen years. This increase includes support for an Affordable Housing Preservation Coordinator position previously approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*.

## Department of Planning and Development Workload Requirements

An increase of \$0.29 million and 2/2.0 FTE new positions is included in the Department of Planning and Development to support workload requirements, including the implementation of the Comprehensive Plan Amendment Work Program adopted by the Board of Supervisors.

## Contract Rate Increases

An increase of \$0.29 million supports a contract rate increase for the providers of mandated and non-mandated services in the Department of Housing and Community Development.

## Strategic Plan Priority Area:

### Environment

**\$0.96 million, 3 Positions**

Additional resources included for Environment in FY 2023 are primarily associated with support for the County's Zero Waste plan and Community-wide Energy and Climate Action Plan. While additional baseline adjustments included in the FY 2023 proposal are not substantial, it should be noted that \$1.3 million remains in the baseline for energy and environmental projects and almost \$19 million was allocated for environmental initiatives as part of the *FY 2021 Carryover Review*.

## Environmental Strategy

Consistent with actions approved by the Board of Supervisors as part of the *FY 2021 Carryover Review*, an increase of \$0.59 million is included in the Department of Procurement and Material Management and the Office of the County Executive to support the implementation of the Zero Waste plan and Community-wide Energy and Climate Action Plan (CECAP).

Fairfax County is a place where all people live in a healthy, sustainable environment.

## Sustainable Procurement

An increase of \$0.37 million and 2/2.0 FTE new positions is included in the Department of Procurement and Material Management to support the Sustainable Procurement Program,

which considers supply chain emissions and prioritizes low- or no-carbon solutions and works to achieve zero waste when selecting vendors and making procurement decisions, in accordance with the County's Energy Strategy. This funding will also support the continuation of a pilot program established to assess the sustainability of the Fairfax County's supply chain.

# Advertised Budget Summary

## Urban Forester

An increase of 1/1.0 FTE new position is included in Fund 40080, Integrated Pest Management Program, due to increased departmental and programmatic requirements in the Forest Pest Program. The Urban Forester will coordinate all outreach and education activities as well as assist with field monitoring and treatment.

## Reorganizations

---

(\$42.62) million

### Land Development Services transferred to New Fund

Agency 31, Land Development Services, is being transferred to a new Fund 40200, Land Development Services, as part of the FY 2023 Advertised Budget Plan to provide an accounting mechanism to reflect all revenues and expenditures associated with LDS activities in a dedicated Special Revenue Fund. The new fund will continue working to realize the Board of Supervisors' vision and community values for safe and sustainable communities, as codified in the regulations that guide building and land development design and construction. This adjustment includes a decrease of \$42.62 million to General Fund revenues and expenditures, as all LDS activity will be reflected in Fund 40200, resulting in no net impact on available funding in the General Fund.

## Reductions and Savings

---

(\$3.24) million

In order to balance the FY 2022 Advertised Budget Plan, reductions and savings of \$3.24 million, as well as increases of \$0.89 million in transfers in from other funds, have been recognized. The largest of these savings is a reduction in the transfer to Fund 73030, OPEB Trust, of \$2.50 million that is possible as a result of the plan reaching fully-funded status as of July 1, 2021. The remaining contribution from the General Fund and other funds, combined with investment earnings, are anticipated to be sufficient to maintain the current funded status.

Other savings include a reduction of \$0.38 million in the General Fund transfer requirement to Fund 40040, Fairfax-Falls Church Community Services Board, due to an increase in charges to Fairfax City and Falls Church based on the services provided to their residents, and a reduction of \$0.35 million that has been identified in the Office of the Sheriff. In addition, Indirect cost chargebacks to other funds were reviewed and adjusted to more appropriately recognize the cost of central services that are provided to those funds by General Fund agencies, resulting in an increase of \$0.89 million in cost recovery by the General Fund.

## Reserve Requirements

---

\$5.17 million

Per the Reserve Policy approved by the Board of Supervisors in April 2015 and included in the County's *Ten Principles of Sound Financial Management*, the County's reserves are targeted at 10 percent of General Fund disbursements. As part of the FY 2023 Advertised Budget Plan, reserves are projected to remain at the 10 percent target. General Fund reserve contributions total \$5.17 million based on disbursement growth in FY 2023.

## Revenue Stabilization Reserve

The Revenue Stabilization Reserve reached its target level of funding of 5 percent of General Fund disbursements in FY 2018. A General Fund contribution of \$3.05 million is required to maintain the reserve at the target in FY 2023.

## Managed Reserve

The Managed Reserve reached its target level of funding of 4 percent of General Fund disbursements in FY 2020. A General Fund contribution of \$1.51 million is required to maintain the reserve at the target in FY 2023.

## Economic Opportunity Reserve

The Economic Opportunity Reserve reached its target level of funding of 1 percent of General Fund disbursements in FY 2021. A General Fund contribution of \$0.61 million is required to maintain the reserve at the target in FY 2023.

## FY 2023 Budget: All Funds

All appropriated fund revenues in the FY 2023 Advertised Budget Plan total \$9.53 billion. This County revenue total is an increase of \$572.79 million, or 6.40 percent, over the FY 2022 Adopted Budget Plan. On the expenditure side, the FY 2023 Advertised Budget Plan for all appropriated funds totals \$9.07 billion and reflects an increase of \$506.80 million, or 5.92 percent, over the FY 2022 Adopted Budget Plan.

Additional details concerning non-General Fund revenues, expenditures, and positions for appropriated funds are available in the *Financial and Statistical Summary Tables* section of the Overview. Information on non-appropriated funds is located in Volume 2 of the County Budget.
