<sup>1</sup> Includes Fringe Benefits in an effort to more accurately reflect program costs.

<sup>2</sup> The Fairfax County Health Department School Health Program staff were a key resource used in the County's COVID-19 response, staffing call centers, and providing medical and non-medical support for testing and vaccination efforts since FCPS closed in mid-March 2020 and then transitioned to primarily virtual instruction in the spring of 2021. As FCPS returned to in-person instruction, School Health Program staff were released from the COVID-19 response to provide services in individual schools as they re-opened. It should also be noted that the FY 2023 Adopted Budget Plan includes funding to support an additional 82/82.0 FTE Public Health Nurse positions that were approved by the Board of Supervisors as part of the FY 2021 Carryover Review. The additional positions are required in order to comply with §§ 22.1-253.13:2 and 22.1-274 of the Code of Virginia, which mandates at least three specialized student support positions per 1,000 students.

<sup>3</sup> Includes Fringe Benefits in an effort to more accurately reflect program costs associated with the SACC program and to be consistent with SACC rate setting methodology.

<sup>4</sup> This includes Local Cash Match funding for Federal Head Start and Early Head Start for the Higher Horizons, Gum Springs and Schools' contracts.

<sup>5</sup> Only the cost of athletic field lighting is reflected here. All other Fairfax County Public Schools-related field improvement funding is managed by, and shown under, the Fairfax County Park Authority.

<sup>6</sup> In an effort to fully integrate a number of programs and services that have been moved to the department since FY 2020, the Department of Neighborhood and Community Services has completed an internal reorganization to more intentionally align itself with the new mission, vision, and values; reduce redundancies and inefficiencies; and better align the department's work with countywide strategic plan priorities while illustrating the many program- and population-based continuums supported by the department. Part of this alignment included more closely aligning budget to actual expenses and has resulted in restating the FY 2023 Adopted Budget column from what was published in the FY 2023 Adopted Budget Plan.
