Board of Supervisors Meeting:

The Board of Supervisors will meet on **Tuesday, January 14, 2020** at 9:30 a.m. at the Fairfax County Government Center (12000 Government Center Parkway, Fairfax, VA 22035) in the Board Auditorium. The meeting will be broadcast live on [Channel 16](#). There are three Sully District applications on the [agenda](#). More information about these applications is below.

PCA 84-S-038-02 (Dominion Electric Supply Company, Inc.) -

The applicant (Dominion Electric Supply Company, Inc.) is proposing to amend PCA 84-S-038, previously approved for warehousing with associated office and retail uses, to permit modifications to the approved proffers and site design. The Planning Commission recommends approval of PCA 84-S-038-02, subject to the [proffers dated October 18, 2019](#). The Planning Commission Verbatim Excerpt is available [online](#).

Public Hearing to Consider the Conveyance of Board-owned Property -

The Board of Supervisors is the owner of three parcels located near the intersection of Lee-Jackson Memorial Highway (Route 50) and Fair Ridge Drive. The vacant parcels, totaling approximately one acre, are the residue of the land incorporated into the West Ox Road/Route 50 interchange.

The Fairfax County Redevelopment and Housing Authority (FCRHA) is evaluating the possibility of partnering with a private developer pursuant to the terms of the Public-Private Education Facilities and Infrastructure Act of 2002 (PPEA), or through other development means, to construct affordable housing units on the Property. The creation of a new housing development for individuals with low to moderate incomes (the Project) anticipates a rezoning approval.

County staff recommends that the conveyance of the Fair Ridge Properties to the FCRHA be subject to the condition that the parcels must be used in connection with the Project. In the event the FCRHA no longer pursues the Project, the Authority will transfer ownership of the properties back to the Board.

Animal Shelter Corner

Meet Frank!

Frank is eight years old and too smart and full of personality for his own good, which makes it hard for him to be stuck in a shelter, but will make him a VERY interesting and entertaining cat for whoever is lucky enough to adopt him. Frank is the kind of cat who isn't just a cat.

. . . continued on page 12

He's a force to be reckoned with. New people? Frank calls them friends he hasn't met yet. Dogs? Great, they're just big cats (or maybe he's just a small dog). Freshly folded and put away socks? Ok lol but not for long because Frank loves to steal socks. Road trip? Count Frank IN! His longest road trip to date was Florida to Virginia but he knows there's more world out there. Which is one reason why he would probably really like having some time outside. Frank looves to play and if you don't play with him enough well then he may just chew on you so there. He has been known to play fetch, and one of the shelter's volunteers says he learned 'sit' in a matter of minutes! Genius level cat. If you've been waiting and looking for a cat like Frank, and have the time and attention that he needs, and the wherewithal to handle his Frank-ness, well.. what're you waiting for?? Come visit! You'll have to ask for him at the front desk, as he's in a back cat room because SURPRISE he's too much for the main cat adoption area to contain.

For more information about Frank, contact the Fairfax County Animal Shelter at 703-830-1100 or by email at AnimalShelter@fairfaxcounty.gov.
