## Summer Meals for Kids

Approximately 29 percent of Fairfax County students receive free and reduced price meals during the school year. When the school year ends, so does the opportunity for consistent, nutritious meals for many of these students. The Free Summer Meals for Kids Program fills that need by providing nutritious meals to children ages 5 to 18 during the summer.

#### **Locations in the Sully District:**

- **Rachel Carson Middle School V.I.P. Camp** (13618 McLearen Road, Herndon, VA 20171); Program Dates: July 1 - August 1; Meal Service: Breakfast (8:30 to 9:00 a.m.) and Lunch (12:00 to 12:30 p.m.)
- **Stone Middle School V.I.P. Camp** (5500 Sully Park Drive, Centreville, VA 20120); Program Dates: July 1 - August 1; Meal Service: Lunch (11:45 a.m. to 12:45 p.m.)

Both of these sites are designated as "closed sites." Closed sites are designated in areas where less than 50 percent of the students receive free or reduced price meals at school. **Meals will be provided to eligible children free of charge.** To be eligible to receive free meals at these locations, children must meet the [income guidelines for reduced price meals in the National School Lunch Program](#). Children who are part of households that receive SNAP or Temporary Assistance to Needy Families (TANF) are automatically eligible to receive free meals. For more information about this program, [click here](#).

Interested in becoming a meal site? We are in search of more community partners to enhance our capacity to reach children in need. To apply, [click here](#). For more information about becoming a meal site, [click here](#).

## Autonomous Electric Shuttle Pilot in Fairfax County

Fairfax County and [Dominion Energy](#) are partnering on an autonomous electric shuttle pilot tentatively planned for the Merrifield area in Fairfax County. Today, the demonstration project moved a step closer to implementation with the award of a grant from the [Virginia Department of Rail and Public Transportation](#)(VDRPT) for the execution of the pilot. The [Virginia Commonwealth Transportation Board](#) approved the \$250,000 grant for Fairfax County, making this pilot the first state-funded autonomous public transportation demonstration project in Virginia.

Fairfax County aims to be at the forefront of innovation by testing this smart technology for economic and environmental benefits, operational efficiencies, and as a first and last mile travel option connecting people from Metrorail stations to employment, activity centers, and residential communities.

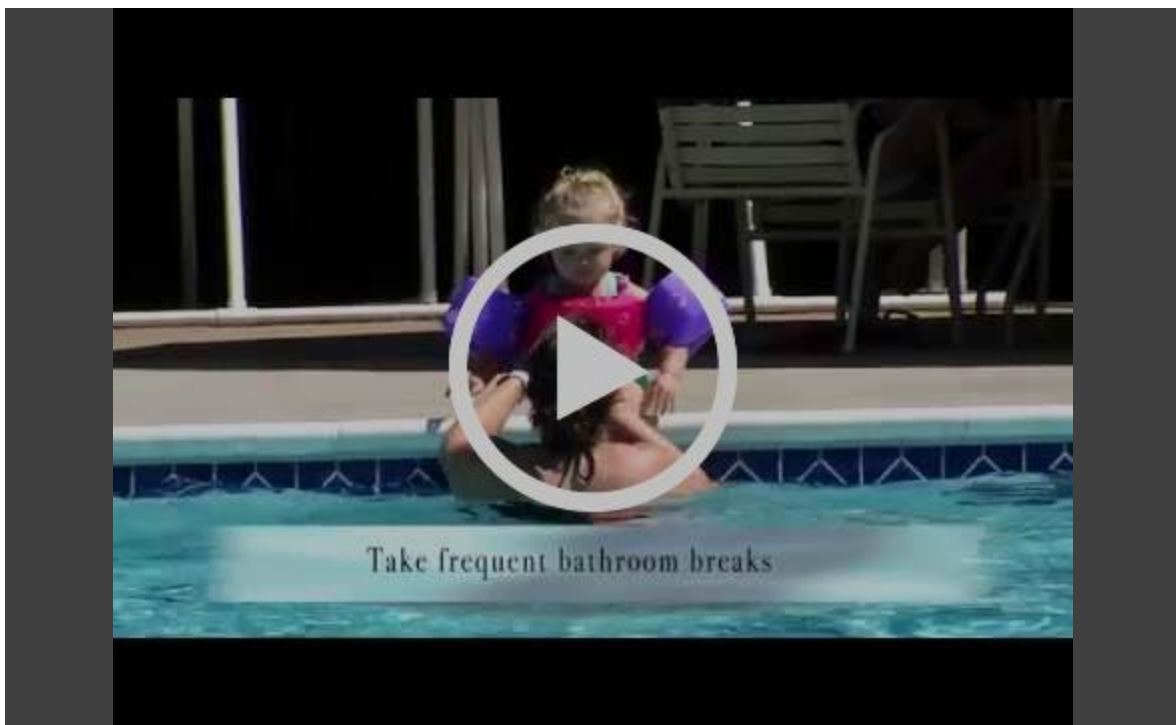

Safety will be key to the successful implementation of the pilot and the project is

subject to safety reviews by the Virginia Department of Transportation (VDOT) and the [National Highway Traffic Safety Administration](#) (NHTSA). The shuttles will undergo extensive testing before passenger service can begin and a safety steward will be on board to monitor operations.

## 3 Steps to Get Started in Family History Research

Documenting an ancestor at a certain place and time are the building blocks of genealogy research. Here are three steps to get you started on your family history research.

### **Step 1: Determining What You Know Already**

Effective researchers begin with what they know and work backward in time toward the unknown. Reach out to family elders, friends, and neighbors to interview them about your ancestors.

### **Step 2: Start Organizing Your Material**

To help you organize your material, go to Ancestry.com to access its [free forms](#). The "Ancestral Chart" and "Family Group Sheet" will be most useful to a new genealogist.

### **Step 3: Start Your Research Online with Library Databases**

Go to the [library web page](#) and navigate to "Research Center," then "A-Z Resources" for Heritage Quest. Ancestry Library is another great source, but you

must be in a library branch to access it.

### Putting Plastic Pots in the Recycling Bin? Not so fast!

Plastic nursery pots are not recyclable in the single-stream recycling process used in Fairfax County. Products made with certain resins, those stamped with codes three through seven, are not easily or affordably recycled here.

Keep plastic pots and plant trays out of the recycling bin! What should you do with them? Here are some options:

- **Reduce!** Opt for bare-root plants or plants sold in biodegradable containers.
- **Reuse!** Reuse your plastic pots as much as possible. Reuse clean pots for starting seeds, sharing plant divisions, or storing garden gear.
- **Recycle!** Drop off nursery plastic at stores that promote its recycling. In our area, that includes Home Depot and Lowe's stores.
- Be alert to any other efforts to recycle plastic pots, such as [Virginia Gardeners Recycle](#).

## Animal Shelter Corner

### Meet Rocky!

**Age:** 10y 8m

**Gender:** Male

**Color:** Grey/Tan

**Spayed/Neutered:** Yes

**Size:** Large

Rocky is a very happy, friendly old man! His favorite thing in the world is to explore. He will sniff anything and everything and then sniff it again. His second favorite thing is getting pets and scratched from his people. He is a laid back boy looking for a laid back home where he can explore, get some exercise, have some fun with his people, but then also get some quiet time when needed. He would also prefer to be the only dog in the home because he wants all your attention (and all the sniffing) to himself. When he came to

the shelter, his ears were in pretty bad shape and actually required some surgery. Thanks to the Friends of the Fairfax County Animal Shelter for funding his bilateral ear hematoma surgery, to get him feeling a lot better! Rocky is recovering nicely, but he sure would like to finish his recovery in his new home. Come visit him today! For more information about Rocky contact the Fairfax County Animal Shelter at 703-830-1100 or by email at [AnimalShelter@fairfaxcounty.gov](mailto:AnimalShelter@fairfaxcounty.gov).
